WHY STAR MICRONICS?

Star Micronics, a leader in point-of-sale solutions, is an established, industry-friendly company with over 60 years of experience in crafting high-quality, cost-effective solutions. At the forefront of cutting-edge technology, coupled with years of proven product development and manufacturing expertise, Star has firmly positioned itself as one of the most innovative companies leading the industry.

- Responsive to industry trends and digital transformation
- Large distribution channel with global support and inventory
- Integration team supports software developers
- Live technical support – corporate experience with a personal touch
- Integrated with thousands of POS software solutions
- Unified and sleek designs with simple user experience
- Latest technologies (CloudPRNT*Next*, MFi-certified, AOA, StarIO.Online, etc.)
- Managed Cloud Hosting

ALWAYS INNOVATING

- Thermal, Impact, Multifunction, Label, and Portable Printers
- Secure Cash Drawers (LED Option Available)
- Scales and Scanners
- Stands, Mounts, and Enclosures
- mC-Sound, Cash Drawer Cables, and Accessories
- Health and Safety Solutions
- Customer Engagement Solutions
- SDKs and Integrations
- And More!

STAR TECHNOLOGIES

Star provides various solutions across the technology spectrum, from native to cloud and web-based apps, to help you reach your POS goals.

Scan here to read about Star technologies on our website.

NATIVE APPLICATIONS

Commands

- Detailed (perfect) control
- Strong flexibility for how you want your peripherals to work

Drivers

- Well-known control method
- Simple technology — just install the driver on the customer's side and apply settings

star PRNT SDK

- Swift/Objective - C, Java, C#, Xamarin
- Many APIs supported, including peripherals such as scanners and scales
- User-friendly, especially for mobile OS programmers (no need to read/study command manual)
- No need to install software on the end-user side
- Works offline

star PassPRNT

- URL Scheme, HTML
- Simple way for apps to print with very little integration required
- Receives and outputs the print data

StarXpand™

- Industry-first SDK for Star printer control for the cross-platform framework React Native
- Uses StarIO10 framework which features asynchronous communication, an emulation-free design, human-readable command creation, faster printer search, and a logging function between the OS and printer.

Our technologies, paired with our **dedicated integration support team**, allow you to reduce integration cost and time.

WEB-BASED APPLICATIONS

Android Open Accessory

- Star AOA support allows Star printers to interact with Android-powered devices in accessory mode to power and communicate through the same USB cable.

Apple AirPrint & MFi-Certified

- Zero Integration
- Dedicated solution for Apple devices
- Leverage Apple consumer technology
- MFi-certified solutions for seamless compatibility

SteadyLAN

- Deliver direct Ethernet connectivity to a tablet or mobile device from the wired Ethernet port of the printer
- Remove tablet Wi-fi dependency with a hard-wired connection
- Device charging via Apple Lightning cable or USB-C® cable
- Peripheral control (scanner, display) via printer USB host ports

TetherLAN

- On Android and Windows(10 and 11), create a CloudPRNT environment anywhere.
- The printer connects to the Internet via any mobile device that is connected to 4G / 5G.

star cloudPRNT NEXT

- Delivers rapid and more efficient cloud-based printing
- Instant printing for point-of-sale applications
- Reduces network load for improved performance and reliability

Label Builder

- Users can create unique labels or customize any pre-made templates
- Store and allocate up to three static label designs on the mC-Label3 & mC-Label2
- One Touch button enables easy printing without needing an internet connection

starSCAN

- Allows customizable scanning preferences for varied needs
- Works with iOS, Android, and Windows platforms
- Offers integration options for software developers

StarIO.online

- Fully managed cloud printing with Star-hosted servers and no infrastructure to maintain
- Centralized visibility and control for remote monitoring, updates, and scalable deployments

Scales · Scanners · Paper/Label Rolls · Stands/Mounts · Printers · Label Printers · Cash Drawers

THE FULL SOLUTION

Options for Your Entire Point-of-Sale System

FOUR WAYS TO CONNECT

X4 models combine USB, LAN, Bluetooth, and Wi-Fi connectivity into a single printer, giving businesses the flexibility to deploy the same hardware in virtually any environment without committing to one interface upfront.

Built-in power and data delivery allow tablets running iOS, Android, or Windows to charge directly from the printer, reducing extra cables, simplifying installation, and creating a cleaner, more efficient POS setup.

This unified design helps standardize hardware across locations while supporting future expansion as connectivity needs evolve.

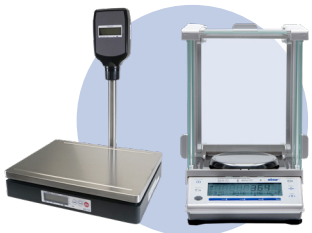

INDUSTRY SOLUTIONS

Dispensary

For all of your dispensary POS solutions, Star Micronics is the place to go. Whether you need an NTEP-certified precision scale, reliable and speedy barcode scanners with age verification technology, a top-tier label printer, or a cloud-capable printer that prints orders directly from your website, we've got you covered.

Solution #1: Trade-Certified Precision Scales

mG-T12 and mG-S322 POS Scales, Trade Legal in US and Canada

Solution #2: Label Rolls & Label Printers

Use Cannabis Specific or Linerless Labels with the mC-Label Series

Solution #3: High-Resolution Scanner

BSH-20B – Fast, Durable, & Drop-Resistant

Solution #3: High-Security Cash Drawers

CD5 Series for Retailers with High Volume Cash Transactions

Healthcare

Prioritizing patient safety, Star Micronics provides comprehensive solutions for the healthcare industry. Our portfolio includes antimicrobial barcode scanners, kiosk stands for check-in, receipt printers for shops, secure Rx printers, versatile label printers for maintaining up-to-date patient records, and more.

- Universal mEnclosure and Universal Mini mEnclosure are compatible with virtually any tablet

StarIO.Online

Ditch the print servers and firewall headaches. StarIO.Online is a fully managed cloud printing service that takes care of the infrastructure, so you don't have to. Host your print jobs on secure Star servers, remotely monitor every CloudPRNT-compatible device, and manage updates from one powerful dashboard. It's printing made scalable, simple, and smart.

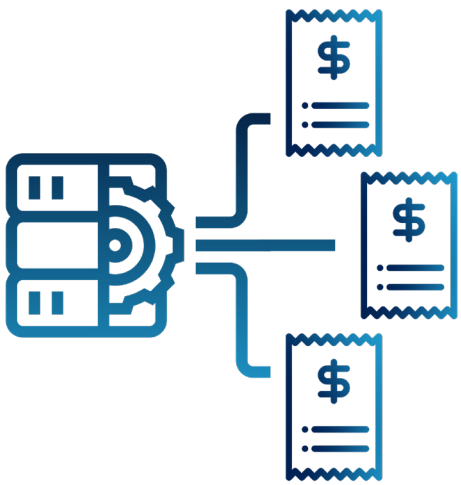

Your Code. Our Cloud. Powerful Results.

StarIO.Online makes cloud printing simple—no servers, no firewalls, no headaches. With just one REST-style API call, developers can print to any CloudPRNT-compatible device, while IT teams gain full visibility with real-time monitoring and centralized control. Star hosts the infrastructure, so you can focus on scaling, not maintaining.

Control Printers from Anywhere

No more on-site visits for small fixes. With StarIO.Online, you can configure, monitor, and manage printers remotely—all from one cloud dashboard. Scale without on-site IT, whether it's one store or one thousand.

Track Every Job. Every Time.

Never wonder if a ticket printed. StarIO.Online gives you real-time print job visibility with webhook notifications for everything—from status updates to barcode scans and device events. Total transparency, built in.

Paper and Labels for Your POS

STAR PAPER

Available in bond, thermal receipt, permanent and sticky linerless labels, and traditional label rolls.

Star Eco

Star Eco is the smart, budget-friendly choice for everyday printing. This bisphenol-free (BP-free) line delivers clear, reliable thermal imaging with Prop 65–compliant materials and generous pack sizes that keep high-volume operations running smoothly. It's dependable, cost-effective media for businesses seeking value without compromise.

Star Blue Eco

Star Blue Eco is the elevated choice for businesses that want premium performance with smarter sustainability built in. Every roll is bisphenol-free (BPA- and BPS-free) and Prop 65 compliant, with select options offering even greater environmental benefits, including phenol-free formulations and Star's 100% recyclable thermal receipt paper, an industry-leading advancement. With its signature blue core, Star Blue Eco makes it easy to identify high-quality, eco-forward paper engineered for modern retail and hospitality.

Extend the Life Of Your Star Printer And Keep Your Workflow Moving

Star Micronics offers BPA/BPS-free Star Blue Eco rolls for Prop 65 compliance, as well as thermal receipt, bond, and label paper.

Finishing Touches to Unify Your POS

ACCESSORIES

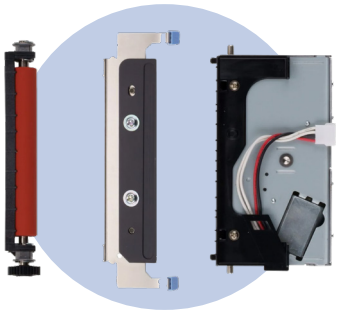

Splash Cover

This splash-proof cover accommodates the Star Micronics TSP650 and TSP100 versions 1, 2, and 3 printers.

mC-Sound

An ideal way to alert staff of incoming orders, even in the busiest, high-decibel kitchen environments.

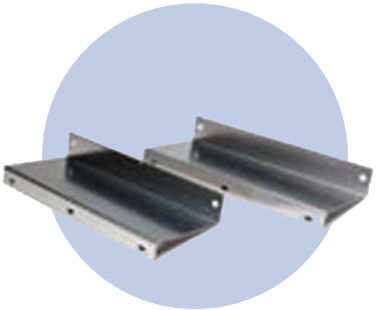

Cutter & Platen Set

Designed for the mC-Label2 and mC-Label3 multimedia printers, this color-coded, tool-free kit lets users replace components in minutes, no technician required.

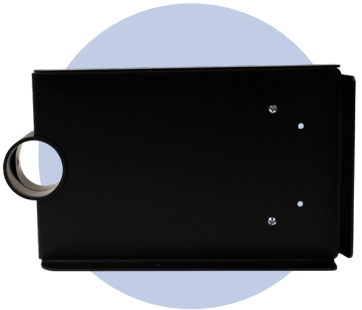

Extended Platter for mG-S8200

8.5x9 inches, brushed stainless steel, NTEP Certified for use with mG-S8200 Scale.

Under Counter Mounting Kit

Sturdy brackets to mount cash drawers or printers to the underside of counters.

mUnite Printer Shelf

This printer shelf is designed to fit certain Star Micronics printers and mUnite Stands.

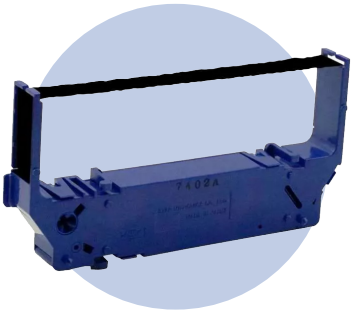

Kiosk Large Paper Roll Holder

Supports high capacity paper rolls up to 254 mm in diameter

Car Adapter

Powers the TSP650, TSP700, and TSP800 series printers on the go.

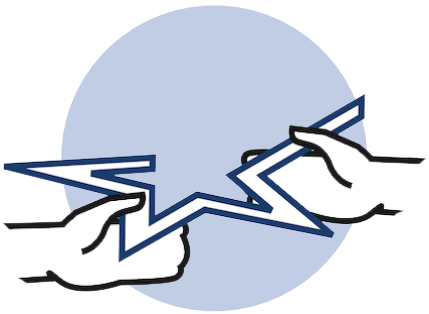

Ribbon Cartridge

Replacement ink ribbon cartridges for select Star printers.

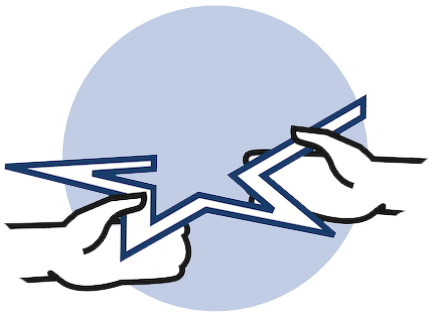

EXTENDED WARRANTIES

You can purchase Warranty Service Agreements from resellers that offer Star Micronics products. The service agreement must be purchased within 30 days of product purchase.

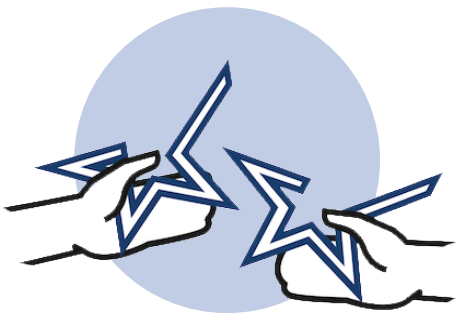

Extend-A-Star

The EXTEND-A-STAR Service Agreement allows customers to extend the manufacturer's limited warranty beyond its standard coverage period at a low cost per printer. EXTEND-A-STAR options enable you to extend up to 4 years of the original warranty provided with the product at the time of purchase, with bumper-to-bumper coverage that includes print head and cutters.

Extend-Limited

The EXTEND-LIMITED Service Agreement is available only in Latin America, with options of 2, 3, or 4 years of Standard Warranty period extensions.

Swap-A-Star

The SWAP-A-STAR Service Agreement allows customers to extend the manufacturer's limited warranty beyond its standard benefits at a low cost per printer. SWAP-A-STAR enables you to have a replacement printer sent the next business day after service is approved.
