

## Quality and Sustainability with Star Paper & Labels

### Deliver Excellence and Eco-Friendliness in Every Print

Star Micronics offers a comprehensive line of paper and label media, meticulously designed to meet diverse customer needs, from cost-efficiency to premium quality and eco-friendliness. Our categories make it easy for customers to choose the perfect paper for their specific use cases, ensuring the best performance and value.

### Star Blue Eco

Choose sustainability with Star Blue Eco, the eco-friendly option for businesses committed to environmental responsibility. Made with phenol-free thermal technology, these receipts and labels are **Prop 65 compliant** and deliver clean, crisp images without BPA and BPS coatings. Recognized by its distinctive blue core, Star Blue Eco paper is available in convenient merchant-friendly pack sizes, making it the perfect choice for businesses dedicated to reducing their environmental footprint and ensuring safe, high-quality transactions.

### Star Blue

Discover the superior quality of our premium Star Blue paper, selected to complement your brand with its exceptional feel and vivid graphics. Recognized by its distinctive blue core, Star Blue paper is engineered for longevity and performance. It ensures smooth, jam-free printing and consistent cuts, reducing paper dust and extending your printer's lifespan. Available in convenient merchant-friendly pack sizes, premium Star Blue paper and labels are the go-to choice for showcasing your brand's excellence and dedication to quality.

### Star Basic

Introducing Star Basic paper and labels – the economical choice carefully selected to provide the best value. These budget-friendly paper and label offerings have a simple look and feel, perfect for cost-conscious businesses. Designed for efficiency, our Basic paper is available in merchant-friendly pack sizes that provide clear thermal imaging for your everyday order, queue, and chit-printing needs. Basic is the choice for high-volume printing tasks that demand affordability.

## Star Blue Eco

Star Blue Eco paper is the eco-conscious choice for businesses committed to greener initiatives. Featuring phenol-free receipt paper and labels without BPA and BPS, these products are compliant with California's Prop 65, which mandates the elimination or labeling of bisphenol A (BPA) and bisphenol S (BPS).
