SP742

The Ultimate Kitchen Printer

An easy-to-integrate, innovative impact kitchen printer that can take the heat.

Designed to thrive in the challenging conditions of your kitchen, the SP742 stands out as the go-to solution for environments where heat and humidity can compromise order clarity. This robust printer delivers high-speed, two-color printing with crystal-clear type for instant readability. Featuring a user-friendly clamshell design for hassle-free paper loading, an integrated power supply for streamlined space usage, and the capability for carbon copy printing, it's engineered to meet the demands of a busy kitchen.

Empower your kitchen with the latest in printing technology. Equipped with CloudPRNT and Bluetooth capabilities, the SP742 enhances kitchen efficiency by facilitating easy access to online printing. Its CloudPRNT interface seamlessly integrates with web-based applications, ensuring smooth operations from the front to the back of the house. Designed for the modern online ordering system, it directly connects to servers, eliminating the need for extra devices, software, or security certificates. The Bluetooth feature further simplifies connectivity, offering straightforward setup and operation.

- High-Quality Graphics Printing
- Two-Color and Carbon Copy Printing
- Spill-Proof and Heat Resistant
- Swappable Interfaces Available

With Apple MFi certification, the SP742 ensures compatibility with Apple devices, alongside support for iOS, Android, and Windows operating systems. It arrives ready to deploy, accompanied by a suite of complimentary, feature-rich software, enhancing its functionality with the addition of graphics, logos, and more. Whether it's setting up an Ethernet connection, managing printer memory, or utilizing the virtual serial port, this printer is equipped to streamline your kitchen's workflow.

Elevate your kitchen's efficiency and order management with the SP742 - the reliable, innovative solution designed for the modern culinary environment.

Features:

- Ability to Add Graphics, Logos, Coupons, etc.
- Invert Printing by Driver
- Ethernet Connection Setup Utility
- Printer Memory Setup Utility
- Virtual Serial Port (USB or Ethernet)
- Wall Mount
- External Buzzer Option
- Available with Bluetooth and CloudPRNT
